

Giggle

Features

With 2 reduced heights of either 1200 or 1500mm (4' or 5'), **Giggle** creates a fun, familiar and safe environment for young children.

New print technology allows the option of bespoke designs to be printed to the curved aluminium fascia.

Materials

- 19mm moisture resistant melamine faced chipboard
- High pressure laminate on 17mm moisture resistant chipboard
- Internal door knob with magnetic catch prevents "lock-ins"
- Optional prints to aluminium fascias
- Optional high colour indicator bolt

Safety

- Low height for full supervision
- Magnetic catches prevents "lock-ins"

Technical Specification

Cubicle Sizes

Ideal sizes, making best use of materials and to provide sufficient space, are 1500mm deep x 800mm wide. However, all necessary sizes can be accommodated.

1200mm / 1500mm overall height including 150mm floor clearance

450mm diameter manoeuvring space essential within Building regulations

For guidance on Building regulations, DDA requirements, and the provision of ambulant and enlarged cubicles, please refer to our website -

www.iglooswashrooms.com

NBS for NBS specifications please refer to our sales team.

Fittings

Door Knob with Magnet Catch

- Prevents accidental "lock ins"
- Bright red powder coated finish

Optional indicator bolt

- Strong aluminium construction
- Bright powder coated finish

Cleat

- Pressed aluminium construction
- Anti tamper through fixings
- Caters for out of line walls

Hinges

- Strong aluminium construction
- Adjustable for door to fall close/open

Coat Hook

- 35mm projection
- With integral buffer
- Supplied with anti tamper fixings

Floor Fixing

- This system relies on large floor fixing anchors. Please ensure site conditions allow for their use. Potentially unsuitable with underfloor heating
